

LM- Aluminum LMA- Steel

DESCRIPTION:

Damper with deflective adjustable blades, 3" apart, parallel to the horizontal dimension with a 4" U-Frame (6" optional). Optional aviary mesh.

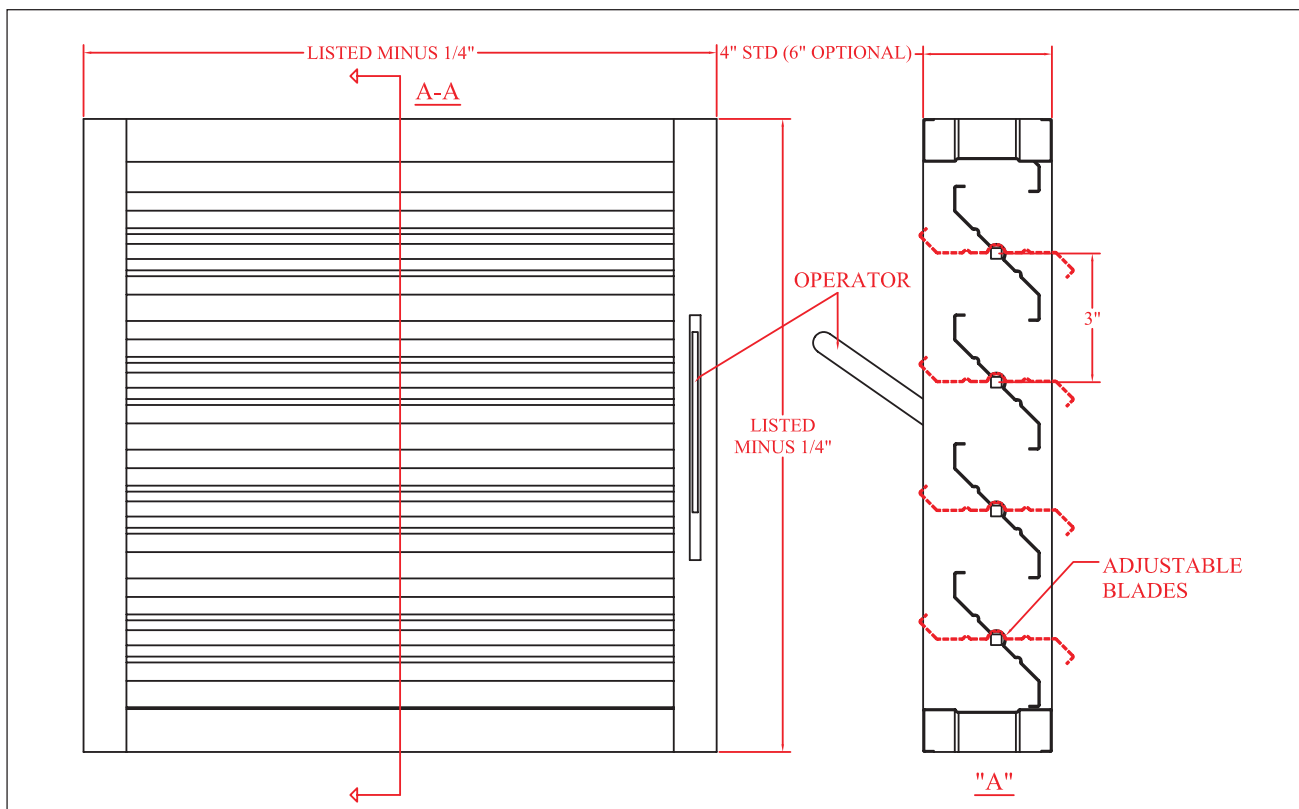

MATERIALS:

Our aluminum profiles are tempered to achieve a greater resistance, and they are manufactured with the same design as the steel profiles, which are made from galvanized sheet .

This model steel version is manufactured in galvanized sheet.

FINISH:

Baked electrostatic paint (polyester) in White Vermont steel and aluminum (with other optional finishes), airtight plastic packaging with fixing screws.
