

DR- Aluminum

DESCRIPTION:

Circular diffuser of multiple plates with a 360° fixed pattern of air injection, round neck and optional volume control with circular connector. Provides aesthetics and it is ideal for low air volume. The nominal available diameters are 6" to 14" in increases of 2".

MATERIALS: Our aluminum pieces are made with hardness for a higher resistance.

FINISH:

Baked electrostatic paint (polyester) white Vermont as standard finish with optional gray and matte black aluminum without any extra cost, . Extra foam seal on the frame to prevent dust spots, airtight plastic packaging for fixing screws.

Note:

-A connector, a circular volume control of opposite blades (XA) or the butterfly volume control (CM) can be attached to this model.
